THE NATIONAL CANCER PATIENT EXPERIENCE SURVEY

In June, the results of a survey completed by local people with cancer were published. We would like to tell you about the results and for you to tell us how we can improve the care and support we provide.

We would like you to tell us how we can improve:

- The practical advice and support we give.
- Your care and support at home.
- The way that you are treated in hospital.
- The information that we give and when it is given.

A lunch will be provided and all travel costs will be reimbursed.
