13. To consider the issues raised regarding Planning application 14/0405

The Clerk made the following comments on the questions raised:-

1. Why are the minutes recorded in such a way as to afford anonymity to the speaker? Surely it is important to know who said what.

The Parish Council is a corporate body, as such it makes collective decisions and therefore it is not necessary to record the comments made by individuals. The guidance and training given by NALC and LALC recommend not naming individual Councillors to avoid litigation against them.

2. Who was the provider of the information supplied to the committee in order to persuade them to make a decision?

See comments above

3. What provisos are there in your rules and regulations to rectify misinformation?

Minutes of every meeting are checked and approved by the Council at the next meeting. Any information that is not recorded correctly will be amended before the minutes are approved.

4. Why do you not notify applicants of their right to attend your meetings and warn them of the dates and times their applications will be discussed? Surely this is a common courtesy.

Agendas of all minutes are published, before the meeting takes place, on the noticeboard and the Council's web-site. At the Planning meetings the public are encouraged to make representation for any application they have an interest in. The public very often attend the Planning meetings and make comments to the committee.

5. Why do you not give an opportunity for the applicant to speak to your committee?

See item 4 above.

Page No. 1355 Initialled

6. How can a person who was absent at the meeting sign to authorise the written minutes as a true and correct record?

It is the members attending the meeting that approves the minutes. The Chairman signs them are their behalf, as demonstrated at this evening's meeting.

7. Do you believe your committee is in existence to help members of your parish?

The Parish Council endeavours to provide a service that it is the best interest of all the Community, sometimes this may conflict with individual's requirements.

8. Can you explain your negativity towards my attempts over the years to improve my premises and my quality of life?

Comments are made in respect of ALL Planning applications based on the regulations in force, compiled by FBC, relating to Planning rules of the application.

14. To receive an update from meetings held with other Organisations and Bodies

There were no updates.

15. To receive an update from the FBC Councillors.

Councillor Threlfall reported that the Cabinet had given approval for the Parks department to help the Friends of the Park with the design of the re-vamp of the Memorial park.

Councillor Fiddler reported that Balfour Beatty were in the process of selling off Blackpool airport and the surrounding land.

16. To agree the date of the next meeting

It was resolved that the next meeting would be held on Tuesday 7th October 2014, as there was a Fylde Borough Council meeting on Monday 6th October 2014.
